

## TABLE OF CONTENTS

<u>Section</u>	<u>Page</u>
EXECUTIVE SUMMARY	
1.0 INTRODUCTION & WATERSHED CHARACTERISTICS .....	1
1.1 Pike River Watershed Setting.....	1
1.2 Scope, Purpose, & Project Approach .....	3
1.3 USEPA Watershed-Based Plan Requirements.....	4
1.4 Planning Process.....	5
1.5 Mission, Goals, and Objectives .....	7
1.6 Using the Watershed-Based Plan .....	9
1.7 Prior Studies & Projects .....	11
1.8 Geologic History.....	13
1.9 Climate and Wisconsin Ecoregions .....	14
1.10 Pre-European Settlement Ecological Communities & Changes .....	15
1.11 Topography, Watershed Boundary, & Subwatershed Management Units ....	21
1.12 The Mouth of the Pike River and Direct Drainage Area .....	25
1.13 Hydric Soil, Soil Erodibility, & Hydrologic Soil Groups .....	28
2.0 WATERSHED JURISDICTIONS, DEMOGRAPHICS, & TRANSPORTATION NETWORK .....	35
2.1 Jurisdictions, Roles & Responsibilities .....	37
2.2 Planning, Policy and Regulation .....	39
2.3 Watershed Demographics .....	39
2.4 Transportation Network .....	44
3.0 OPEN SPACE ASSESSMENT, GREEN INFRASTRUCTURE & NATURAL AREAS .....	47
3.1 Open Space Inventory and Prioritization .....	47
3.2 Green Infrastructure Network .....	55
3.3 Ecologically Significant Areas.....	59
4.0 EXISTING & FUTURE LAND USE/LAND COVER .....	69
4.1 Existing Land Use/Land Cover .....	69
4.2 Future Land Use/Land Cover Predictions .....	73
4.3 Impervious Cover Impacts .....	76
4.4 Impervious Cover Estimate & Future Vulnerability .....	78
4.5 Conservation Design .....	84
4.6 Low Impact Development (LID) .....	85
5.0 WATERSHED INVENTORY SUMMARY .....	87
5.1 Pike River & Tributaries .....	87
5.2 Ponds & Detention Basins .....	108
5.3 Agricultural Land .....	112
5.4 Wetland & Potential Wetland Restoration Sites .....	114
5.5 Ravines, Brownfields, and Potential Restoration Sites .....	122

5.6 Floodplain & Flood Problem Areas .....	126
5.7 Groundwater Aquifers, Recharge, Contamination Potential & Community Water Supply .....	129
6.0 WATER QUALITY ASSESSMENT .....	135
6.1 Point and Nonpoint Source Pollutants .....	135
6.2 Water Quality Report, Designated Use, & Impairments for Pike River .....	136
6.3 Water Quality Monitoring .....	138
6.4 Impaired Beaches in Pike River Watershed .....	148
7.0 POLLUTANT LOADING MODEL & REDUCTION NEEDS/TARGETS .....	151
7.1 Pollutant Loading Analysis .....	151
7.2 Causes & Sources of Impairment .....	156
7.3 Critical Areas & Management Measures .....	157
7.4 Estimated Impairment Reduction Targets .....	164
8.0 MANAGEMENT MEASURES ACTION PLAN.....	167
8.1 Programmatic Management Measures Action Plan .....	168
8.2 Site Specific Management Measures Action Plan .....	177
8.2.1 <i>Streambank and Channel Restoration</i> .....	180
8.2.2 <i>Ravine &amp; Brownfield Restorations</i> .....	182
8.2.3 <i>Detention Basin Retrofits &amp; Maintenance</i> .....	184
8.2.4 <i>Wetland Restoration</i> .....	189
8.2.5 <i>Riparian Area Restoration &amp; Maintenance</i> .....	191
8.2.6 <i>Agricultural Land Management Practices</i> .....	194
8.2.7 <i>Other Management Measures</i> .....	197
8.3 Green Infrastructure Plan Recommendations .....	219
9.0 INFORMATION & EDUCATION PLAN.....	227
10.0 PLAN IMPLEMENTATION.....	237
10.1 Plan Implementation Roles and Coordination/Responsibilities .....	237
10.2 Implementation Schedule.....	238
10.3 Funding Sources .....	238
11.0 MEASURING PLAN PROGRESS & SUCCESS .....	241
11.1 Water Quality Monitoring Plan & Evaluation Criteria.....	241
11.2 Goal Milestones/Implementation & Progress Evaluation “Report Cards” ...	253
12.0 LITERATURE CITED .....	261
13.0 GLOSSARY OF TERMS & KEY STAKEHOLDERS .....	267
